Marketing & Automation for Contractors Who Are Serious About Growth

Scale SD, LLC

San Diego, California

Founded

February 2026

Active MRR

~\$7,000 / month

Clients Served

8 contractors

Vertical

Home Services & Contracting

Most marketing agencies want your credit card. We want your close rate. Before Scale SD runs a single ad for a contractor, we look at what happens after the lead comes in. If your front office is bleeding leads, more advertising just means bleeding faster. We fix the leak first.

COMPANY OVERVIEW

Scale SD is a San Diego-based marketing and automation agency built exclusively for contractors and local service businesses. We are four people — not a faceless agency. Daniel, our owner, is on every strategy call. We are building toward our fifth client, not toward a pitch deck.

Our strategic position is **revenue partner, not marketing vendor**. The pitch to every contractor we work with is the same: *"We'll help you close the leads you're already losing."* That starts with automation — missed-call recovery, follow-up sequences, appointment booking — and builds into paid ads and content once the foundation is solid.

4 Active Clients

8 Clients Served Total

~\$7K Monthly Recurring Revenue

<60s Lead Response (Automated)

We turn down business every month.

- ✗ You want ads running before your team can consistently answer the phone
- ✗ You're in e-commerce, restaurants, or outside home services / contracting
- ✗ You need a 20-person agency with a Manhattan office and a matching invoice
- ✗ You've burned through three agencies and you're "just testing" a fourth
- ✗ You want cheap content mills — volume posting with no strategy underneath

The Hard Line

We will not run paid ads for a business whose average lead response time exceeds five minutes. Not because we can't — because it would be a waste of the client's money, and we would be the agency that took it anyway.

That one policy has cost us deals. It is also the reason the clients who do sign with us tend to stay.

CORE SERVICES

SERVICE	WHAT IT ACTUALLY MEANS FOR YOUR BUSINESS
Meta & TikTok Advertising	Paid campaigns built around contractor customer psychology — not stock-photo templates. Creative strategy based on awareness stage and real competitor analysis.
Social Media Management	IG, FB, TikTok, YouTube — content that builds credibility with homeowners before the first call. 3–5 posts/week, 7 Reels/month, monthly shoot.
GHL Automation Stack	Missed-call text-back in under 60 seconds. Automated multi-touch follow-up. Appointment booking. Review requests. Your pipeline running while you're on a job site.
CRM Build & Setup	Full GoHighLevel pipeline with live visibility into every lead from first touch to signed contract — not a monthly PDF with vanity metrics.
Foundation Package	Website, Google Business Profile, Yelp, brand identity, local SEO. The infrastructure that everything else runs on. One-time build, yours permanently.

What happens when a lead comes in at 9pm and you don't answer

- 1

A lead calls your business. You're on a job. The call goes unanswered. Within

60 seconds

, they receive a text:

"Hey, this is [Your Business] — missed your call. Can I get you scheduled?"
- 2

If they don't respond in 24 hours, they receive a follow-up. Another at 72 hours. Customized to your trade and your offer.
- 3

If they book, they receive a confirmation and a reminder. No-shows drop. Jobs fill.
- 4

You see every touchpoint in a live pipeline dashboard — every lead, every stage, every day. Not a PDF at the end of the month.
- 5

Before any client goes live on paid ads, we verify this system is working.

If it's not, we don't run ads.

CLIENT RESULTS

EMSR \$2,500/mo + 8% ad spend Emergency Mitigation Services Restoration. Signed April 2026. Meta + TikTok paid ads plus FB→TikTok→IG social cascade. [CPL and speed-to-lead before/after — insert at 30-day mark]	California Doors & Windows \$2,000/mo 35-year family-owned contractor, San Diego. Active since December 2025. Social management across IG, FB, YouTube. Best of Houzz 2026. [Organic reach and booking attribution — insert here]	VIP General Contractor \$1,500/mo Content and organic (FB + IG) from day one. Paid ads in Month 2. Signed April 2026. [Lead volume and engagement at 60-day mark]

World Pools Inc	SC Floors	Tony — Pool Contractor	

WHAT MAKES US DIFFERENT

Contractor-Only. Always.

We serve one vertical. Roofing, HVAC, plumbing, restoration, remodeling, GCs, landscaping. No e-commerce, no restaurants, no retail. That specificity is the entire point of the system we built.

Automation Before Advertising

We won't take your ad spend until your lead response system is proven. Most agencies skip this step. It costs them clients. It costs you money. We fix the leak before we open the tap.

Live Pipeline — Not Monthly PDFs

Every client gets a GoHighLevel dashboard showing every lead, every stage, every day. You see what's working before we do. No hiding behind reports.

Four People. Every Client Knows Them.

Daniel is on every strategy call. Ashen manages systems and ads. Justin handles organic. Tad manages lead qualification. Small team, full accountability — no junior handoffs after the sale.

When a restoration contractor gets a water-damage call at 2am and we've got their missed-call system firing in under a minute — that's a **\$5,000 job that doesn't go to the competitor down the road**. That is what we are actually selling. Not impressions. Not followers. Closed jobs.
